

# Lighthouse Bonsai Society

Next Meeting Saturday April 25 9 AM to 12:PM

## A Note from the President

It is April and it is spring. I have been re potting and seeing some fantastic roots. They look like beautiful trees growing underground upside down. You only get to see these trees when you re pot so if you want to see them you have to take away all the soil. Sounds easy. So don't put it off. Trees are growing fast so wire on, wire off, wire on, wire off, just like the Karate Kid.

I attended the Hatsume fair at the Morikami Gardens. Great bonsai demos, anime characters strolling around looking like cartoon creatures and the food was wonderful. The people who work these events are the best! I can't think of a better way to spend the day. For the meeting on the 26th please bring in anything that you would like to share. We all enjoy seeing successful bonsai or companion plants or FOOD! See you on the 26th.

Bob Holechek

Please!!!!!! bring a snack and something for the raffle table!!

**Spotlight On**  
**BSF Convention**  
**Orlando May 22—26**  
**David Easterbrook 6/15**

*Come to the April Meeting!!!*

Irek Otfinowski is bringing in trees he has won on the raffle table and trained into beautiful Bonsai. He will share the story of each tree.

Please bring in any tree you have won on the raffle table and trained or just bring in a tree you would like to share with the group.

## March Meeting

We broke up into 5 teams headed by Vlad, Tony, Irek, Rita and John. Each team styled a Fu1iken Tea and the finished trees were put on a Special raffle table. The winners all took home beautiful trees well on their way to becoming beautiful Bonsai. The club made a nice profit. What a great idea!!
