

Lighthouse Bonsai Society

Next Meeting this Saturday March 22, 9 AM to 12:PM

A Note from the President

It is still winter but spring is so close you can smell it. Enjoy the cool mornings and warm afternoons, it is temporary. Cypress trees are budding out, flowers are showing up on powder puffs, my ficus need to be trimmed and re potted. Every day in the garden is a good one. **This month yours truly will be doing the presentation. We will all be involved in teaming up to do an initial styling on nursery stock.** Bring your raffle table items, a tree that deserves to be seen and enjoyed by all and gentlemen remember last months challenge put forth, bring food for snack table. Maybe I will bake something. See you then.

Please!!!!!!! bring a snack and something for the raffle table!!

**Jim Van Landingham, Sunday, April 6
9-12, Courtesy of Ed Whalen
Seagate Country Club
On the south side of Atlantic in Delray,
Between Military and Congress**

Jim has been involved in Bonsai for 30 years and has worked closely with BFS during that time. His specialities include collecting trees from the wild and working on tropicals. He has worked extensively with Jim Smith and additionally with the Turners at Old Florida Bonsai. Jim has done numerous demo workshops and critiques throughout the Gulf States. In addition he works on various private collections.

**Spotlight On
BSF Convention
Orlando May 22—26
David Easterbrook 6/15**

February's Program was Bring Your Own Tree and get Feedback from other members. Here John's tree is studied by Larry, Pat, Bob and Noel and Phil is getting advice on his tree from Vlad.. It was a great program!!
